

**U.S. DEPARTMENT OF ENERGY**  
**BASIC ORDERING AGREEMENT**  
**Number DE-AK05-03OR22911**

This Basic Ordering Agreement (BOA) between **Waste Control Specialist, LLC** (hereinafter "Contractor") and the Department of Energy (hereinafter "DOE") is entered into to provide services to all federal agencies and their prime contractors in accordance with the following:

1. This Agreement is for the services described in Appendix A.
2. General Terms and Conditions are included in Appendix B, and made a part hereof.
3. The parties agree that any federal agency, or any entity having a prime contract with said agency, may place task orders (hereinafter "order(s)") under this BOA for federal government work requirements. Any federal agencies' prime contractors may issue orders with written authorization from that agency's authorized Contracting Officer. Each requiring organization shall place its own orders under this Agreement as set forth under the Federal Acquisition Regulation, section 16.703.
4. The Government, through the US Department of Energy, Oak Ridge Operations Office, intends to award multiple BOA's for the services described herein. A competitive bid process among those Contractors awarded a BOA for these services will determine the price for the services. Federal agencies and their prime Contractors reserve the right to use other criteria, in addition to price, in determining which Contractor will receive an order under the BOA.

**ARTICLE 1 - SCOPE OF WORK**

The Contractor agrees to furnish such services as described herein as the Government or any of its applicable prime Contractors may order during the term of this Agreement. Any such order shall become a binding contract upon the Contractor's and Government's acceptance of the order. All orders placed hereunder shall reference the number of this BOA (DE-AK05-03OR22911) and the order number assigned by the ordering agency office and/or applicable prime contractor administrator. The DOE BOA Administrator listed in Article 3 below is available to clarify understanding of the BOA only. The DOE BOA Administrator does not issue orders or award contracts. The term of this BOA is five years, beginning on the date this BOA is signed on behalf of the Government.

**ARTICLE 2 - DELIVERY/PAYMENT**

The work specified in Article 1 shall be completed and delivered as stated in each individual order. Payment for completed services will be made by the organization issuing the order.

**ARTICLE 3 - ADMINISTRATIVE**

DOE BOA Administrator -  
Name: Mario Aguirre  
Telephone Number: (865) 576-0554  
Address: U. S. Department of Energy  
Oak Ridge Operations Office  
P.O. Box 2001  
Oak Ridge, TN

Contractor's BOA Administrator -  
Name: Michael Lauer  
Telephone Number: (972) 450-4284  
Address: Waste Control Specialist, LLC.  
Three Lincoln Centre, Ste 1700  
5430 LBJ Freeway  
Dallas, TX 75240

**ARTICLE 4 - SITE-SPECIFIC TERMS AND CONDITIONS**

The Contractor acknowledges that the organization issuing an order under this BOA may have requirements unique to its mission and/or geographic location, including statements of work. Therefore, the Contractor agrees that the organization placing an order under this BOA reserves the right to incorporate its own local site-specific terms & conditions relative to Environmental, Safety and Health considerations as well as FAR, Agency-specific acquisition regulations, or other applicable regulations and laws.

## ARTICLE 5 - CONTRACTOR FACILITY APPROVAL

The following contractor facility (facilities) are approved work performance sites under this BOA. Other contractor facilities may be approved subject to an acceptable site quality assurance audit performed by a representative of the DOE Contracting Officer for this BOA. Work may not be performed at other contractor sites until this BOA is modified in writing.

**\*WCS, LLC**  
**1710 West Broadway**  
**Andrews, TX 79714**

\* Highest classification level storage capability at this site: **Unclassified Only**

Agreed to by both parties as indicated below:

### For the Contractor;

Name (typed): Michael Lauer

Title: Vice President, Program Manager

Signature: M. T. Lauer

Date: Dec. 19, 2002

### For the Government;

Name (typed): Mark A. Million

Title: Contracting Officer

Signature: Mark A. Million

Date: 1/7/03

**APPENDIX A**  
**STATEMENT OF WORK FOR MATERIALS DISPOSITION**  
**DE-AK05-03OR22911**

**Introduction:**

The Government desires to divest itself of surplus Material such as scrap metal, equipment, vehicles, etc. that cannot be made available to the general public. The Material is currently located at sites across the Government complex. The Material is believed to have some value to certain commercial enterprises, therefore, the Material is not considered waste. The Material meets the definition of personal property as stated in the Federal Acquisition Regulation. Some of the Material may be radioactively contaminated and regulated under The Atomic Energy Act of 1954 as amended.

**Background:**

The federal government and in particular the U.S. Department of Energy Complex has an indeterminate amount of potentially contaminated radioactive Material that could be recycled, reused or buried. The Material is in the form of small to large pieces of metal, structural steel, equipment and vehicles. The Material may be in scrap piles, outside locations and stored in containers, and/or it may be located within underutilized or abandoned facilities. In some cases the Material may be attached and/or part of the building in which they are located.

**Scope:**

General – The Contractor shall disposition the Material by decontamination, sorting, segregating, or by other means, processing the Material at the Contractor's facility(ies). The requirements shall be specified in each order. Hereafter referred to as "order(s)". The order may include removal, characterization, packaging, and transportation to the Contractor's facility.

Security – The requiring organization shall make the determination if the Material has security concerns. If the Material to be dispositioned requires special handling or processing due to classification, Unclassified Controlled Nuclear Information (UCNI), or Export Controlled Information (ECI) specific requirements shall be detailed within the individual orders. It is anticipated that such requirements will be minimal, but where applicable shall likely require certified destruction or reconfiguration of the affected Material. Where required, methods of destruction or reconfiguration may be proposed by the contractor for approval by the organization issuing the order. Contractors may not be able to perform those orders requiring security clearances until such clearances are obtained.

Radioactive Property - When the Material subject to transfer is radioactively or potentially contaminated the contractor shall comply with federal requirements for all activities performed at that site. It is anticipated only minimal decontamination processing to expedite handling, loading, and transporting of the Material will be permitted at the federal work site. Material located at the contractor's facilities shall be managed and regulated in accordance with the terms and conditions of its NRC or NRC Agreement State license.

Environment, Safety and Health (ES&H) and Quality Assurance (QA) - The ES&H and QA requirements will likely vary with each order depending on what work (if any) will be performed on the government's site. If the order requires dismantling for parts or equipment on a government site there would likely be additional ES&H and QA requirements. The organization issuing the order shall be required to detail the ES&H and QA requirements associated with a given order.

Onsite Actions, Packaging, and Transportation - For some tasks, the contractor shall be responsible for removal of the Material from designated facilities and/or storage areas. Onsite actions shall be defined by each order. The requiring organization shall provide the best information available on the description, characterization, and history of the Material. The removal and transportation of the Material by the Contractor shall be done in compliance with all applicable State, Federal, and local laws and regulations.

Title and Possession – The government's intent is to transfer title to all the Material at some point in the disposition process. The point of title transfer and possession shall be clearly defined in each order. Possession shall occur no later than at the point of receipt at the Contractor's facility. If there are no security concerns with the material under an order, title transfer will likely be concurrent. If the Material has security concerns the title will transfer after the security concerns are resolved and prior to any unrestricted release of Material or final disposition of the Material.

**Applicable Directives:**

1. The Contractor shall maintain all required licenses/permits to conduct the scope of each applicable task, including shipping, storage, handling and waste disposal.
2. The Contractor shall perform all work in accordance with federal, state, and local rules, regulations and standards and within the limits of the Contractor's permit or license.
3. The Contractor shall comply with quality assurance requirements as established by Nuclear Quality Assurance manual (NQA-1), Quality Assurance Program Requirements for Nuclear Facilities.
4. Any other applicable organization directives (e.g. DOE Orders and/or Site-specific procedures) shall be specified in each order.

**Performance Requirements:**

Specific performance requirements shall be delineated for each order.

General Requirements -The Department of Energy, Oak Ridge Operations, National Center of Excellence for Metals Recycle (NMR) is the sponsor of this BOA. NMR reserves the right to conduct annual quality assurance audits to the requirements of the Contractor's NRC or NRC Agreement State license. All organizations that issue orders under this BOA will rely on the NMR annual audits and shall not conduct their own. If NMR finds major concerns during an audit, the Contractor shall not be allowed to participate in the competition for any orders until the finding is corrected and approved by NMR. NMR, or a contractor for NMR, may also conduct surveillance.

1. The Contractor shall have the legal authority to possess and process radioactive materials, such as a NRC license or NRC Agreement State radioactive material license.
2. The Contractor shall comply with all applicable Federal and State requirements including EPA, OSHA, DOT and NRC/NRC Agreement State regulations. The Contractor shall notify DOE if any of their licenses or permits has expired, been revoked, or is under any other action by regulators that shall not allow the Contractor to accept Material for processing.
3. The Contractor shall provide DOE the results of regulatory audits conducted, or Notices of Violations issued by regulators.
4. The Contractor shall have health and safety programs that meet the requirements of their licenses or permits to handle Material in the specific order.

**Deliverables**

For each order the Contractor shall provide an annual Mass Balance Report in accordance with the attached format delineating the Material dispositioned under that order to the BOA Administrator listed in Article 3. One copy shall also be provided to the activity or site issuing the order. Annual Mass Balance Reports shall be due on February 1<sup>st</sup> for the previous year. Additional deliverables may be specified in each order.

**APPENDIX B**  
**GENERAL TERMS AND CONDITIONS**  
**DE-AK05-03OR22911**

General Terms and Conditions will be identified and incorporated for each order as directed in FAR Part 16.703 (c) (1)(ii).

**PART I of APPENDIX B - THE SCHEDULE**

**SECTION B - SUPPLIES OR SERVICES AND PRICES/COSTS**

**B.1 ITEMS BEING ACQUIRED**

The Contractor shall furnish all personnel, facilities, equipment, material, supplies, and services (except as may be expressly set forth in this BOA as furnished by the Government) necessary for the disposition of material as delineated in individual orders. The Government, in accordance with the procedures outlined herein, will direct specific detailed performance requirements (including any necessary reporting requirements) in the order.

[End of Clause]

**B.2 OBLIGATION OF FUNDS**

The amount of funds obligated and made available for payment will be stated in each order.

[End of Clause]

**B.3 PRICE**

In consideration of the performance under Agency-issued orders, the Contractor shall be paid the consideration identified in each order; which consideration shall constitute complete payment for all services and materials furnished and accepted pursuant to the order.

[End of Clause]

## **SECTION C - DESCRIPTIONS/SPECIFICATIONS**

**C.1** See Appendix A Statement of Work

## **SECTION D - PACKAGING AND MARKING**

### **D.1 MARKING**

- (a) Each package, report or other deliverable shall be accompanied by a letter or other document which:
  - (1) Identifies the contract by number under which the item is being delivered.
  - (2) Identifies the deliverable Item Number or Reporting Requirement that requires the delivered item(s).
  - (3) Indicates whether the Contractor considers the delivered item to be a partial or full satisfaction of the requirement.

## SECTION E - INSPECTION AND ACCEPTANCE

### E.1 INSPECTION AND ACCEPTANCE

Inspection and acceptance of all items delivered under this BOA shall be accomplished by the federal organization issuing the order.

[End of Clause]

### E.2 52.246-4 INSPECTION OF SERVICES--FIXED-PRICE (AUG 1996)

- (a) Definitions. "Services," as used in this clause, includes services performed, workmanship, and material furnished or utilized in the performance of services.
- (b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering the services under each Agency-issued contract. Complete records of all inspection work performed by the Contractor shall be maintained and made available to the Government during contract performance and for as long afterwards as the contract requires.
- (c) The Government has the right to inspect and test all services called for by the contract, to the extent practicable at all times and places during the term of the contract. The Government shall perform inspections and tests in a manner that will not unduly delay the work.
- (d) If the Government performs inspections or tests on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties.
- (e) If any of the services do not conform with contract requirements, the Government may require the Contractor to perform the services again in conformity with contract requirements, at no increase in contract amount. When the defects in services cannot be corrected by reperformance, the Government may (1) require the Contractor to take necessary action to ensure that future performance conforms to contract requirements and (2) reduce the contract price to reflect the reduced value of the services performed.
- (f) If the Contractor fails to promptly perform the services again or to take the necessary action to ensure future performance in conformity with contract requirements, the Government may (1) by contract or otherwise, perform the services and charge to the Contractor any cost incurred by the Government that is directly related to the performance of such service or (2) terminate the contract for default.

[End of Clause]

## SECTION F - DELIVERIES OR PERFORMANCE

### F.1 52.211-11 LIQUIDATED DAMAGES--SUPPLIES, SERVICES, OR RESEARCH AND DEVELOPMENT (SEPT 2000)

- (a) If the Contractor fails to deliver the supplies or perform the services within the time specified in this contract, or any extension, the Contractor shall, in place of actual damages, pay to the Government as fixed, agreed, and liquidated damages, for each calendar day of delay the sum of as specified in each order.
- (b) Alternatively, if delivery or performance is so delayed, the Government may terminate this contract in whole or in part under the Default-Fixed-Price Supply and Service clause in this contract and in that event, the Contractor shall be liable for fixed, agreed, and liquidated damages accruing until the time the Government may reasonably obtain delivery or performance of similar supplies or services. The liquidated damages shall be in addition to excess costs under the Termination clause.
- (c) The Contractor shall not be charged with liquidated damages when the delay in delivery or performance arises out of causes beyond the control and without the fault or negligence of the Contractor as defined in the Default-Fixed-Price Supply and Service clause in this contract.

[End of Clause]

### F.2 52.242-15 STOP-WORK ORDER (AUG 1989)

- (a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either—
  - (1) Cancel the stop-work order; or
  - (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.
- (b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if—
  - (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
  - (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.
- (c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.
- (d) If a stop-work order is not canceled and the work covered by the order is terminated for
- (e) default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

[End of Clause]

**F.3 52.242-17 GOVERNMENT DELAY OF WORK (APR 1984)**

- (a) If the performance of all or any part of the work of this contract is delayed or interrupted
- (1) by an act of the Contracting Officer in the administration of this contract that is not expressly or impliedly authorized by this contract, or (2) by a failure of the Contracting Officer to act within the time specified in this contract, or within a reasonable time if not specified, an adjustment (excluding profit) shall be made for any increase in the cost of performance of this contract caused by the delay or interruption and the contract shall be modified in writing accordingly. Adjustment shall also be made in the delivery or performance dates and any other contractual term or condition affected by the delay or interruption. However, no adjustment shall be made under this clause for any delay or interruption to the extent that performance would have been delayed or interrupted by any other cause, including the fault or negligence of the Contractor, or for which an adjustment is provided or excluded under any other term or condition of this contract.
- (b) A claim under this clause shall not be allowed (1) for any costs incurred more than 20 days before the Contractor shall have notified the Contracting Officer in writing of the act or failure to act involved, and (2) unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the delay or interruption, but not later than the day of final payment under the contract.

[End of Clause]

**F.4 TERM OF THE BOA AND CONTRACT ORDER**

The term of this BOA is five years. The term of individual orders will be specified in each order but will not exceed the term of the BOA.

[End of Clause]

**F.5 DELIVERY REQUIREMENTS**

The services provided under this Basic Ordering Agreement shall be delivered in accordance with the schedule specified in the order.

[End of Clause]

**F.6 PRINCIPAL PLACE OF PERFORMANCE**

As specified in each order.

[End of Clause]

## **SECTION G - CONTRACT ADMINISTRATION DATA**

### **G.1 CORRESPONDENCE PROCEDURES**

All correspondence submitted by the Contractor (except for invoices and reports) shall be subject to the following procedures:

- (a) Technical Correspondence. Technical correspondence concerning performance of this contract shall be addressed to (as specified in each order).
- (b) Non-technical Administrative Correspondence. All correspondence, other than technical correspondence, shall be addressed to (as specified in each order).
- (c) Subject Line(s). All correspondence shall contain a subject line commencing with the contract number (as specified in each order), as illustrated below:

"SUBJECT: Contract No. [ ] (Insert the contract number) [ ] (Insert subject topic after contract number, e.g., "Request for subcontract placement consent")".

[End of Clause]

### **G.2 SUBMISSION OF VOUCHERS/INVOICES**

The Contractor shall submit invoices in accordance with the terms and conditions provided in each order.

[End of Clause]

### **G.3 CONTRACTING OFFICER'S REPRESENTATIVE**

A Contracting Officer's Representative (COR) may be designated in an order to represent the Contracting Officer in the technical phases of the work. The COR is not authorized to change any of the terms and conditions of the order. Changes in the Scope of Work will be made only by the Contracting Officer by properly written modification(s) to the order. Additional Contracting Officer's Representative(s) for other purposes as required may be designated by the Contracting Officer.

[End of Clause]

### **G.4 CONTRACT ADMINISTRATION**

Each order issued under this Basic Ordering Agreement will identify the individuals at the Organization site(s) who will administer the order.

[End of Clause]

### **G.5 DEFINITIONS (DEC 1999)**

The following special definitions are provided for this BOA:

Contracting Officer (CO) - The person with the authority to enter into contracts as defined in FAR 2.101, who is assigned as responsible for the order, the term "Ordering Contracting Officer"(OCO) may be used interchangeably.

Contracting Officer's Representative (COR) - The Contracting Officer's designated representative whose responsibilities apply to the overall order.

Ordering Contracting Officer (OCO) - The person with the authority to enter into contracts as defined in FAR 2.101, who is assigned as responsible for the specific Order issued under this BOA and who is specified in the Delivery Order.

Ordering Contracting Officer's Representative (OCOR) - The Ordering Contracting Officer's designated representative whose responsibilities apply to the specific Order issued under this BOA and who is specified in the Order.

[End of Clause]

## **SECTION H - SPECIAL BOA INFORMATION AND ORDER REQUIREMENTS**

### **H.1 MULTIPLE BASIC ORDERING AGREEMENT AWARDS**

Basic Ordering Agreements (BOAs) for the services described herein will be established with multiple Contractors and orders will be awarded on a competitive basis. The Government shall continue to solicit offers for additional BOAs after the initial BOAs are established and reserves the right to award additional BOAs with qualified sources.

[End of Clause]

### **H.2 ORDERING PROCEDURE**

Firm-fixed price offers for each order will be solicited from those firms that have been awarded a Basic Ordering Agreement. The Government and/or its prime contractors reserve the right to use other criteria, in addition to price, in determining which Contractor will receive an order. Each request for offer will state the evaluation criteria to be used by the Government or the prime contractor. The actual award of an order will be made using an Optional Form 347 (as shown in the FAR Part 53). Prime contractors, if authorized to place orders under this BOA, may use a locally produced form in lieu of Optional Form 347. Orders under this Basic Ordering Agreement become binding contracts upon acceptance of the order by the Contractor and Government or its prime contractor. The terms and conditions included in this Basic Ordering Agreement shall apply to all orders placed under this agreement.

[End of Clause]

### **H.3 TECHNICAL DIRECTION (REVISED) (DEC 1999)**

- (a) Performance of the work under this contract shall be subject to the technical direction of Ordering Contracting Officer's Representative (OCOR) identified in the Order, and the Ordering Contracting Officer (OCO). The term "technical direction" is defined to include:
  - (1) Directions to the Contractor which redirect the contract effort, shift work emphasis between work areas or tasks, require pursuit of certain lines of inquiry, or direct various efforts for Statement of Work accomplishment.
  - (2) Provision of written information to the Contractor, which assists in the interpretation of drawings, specifications or technical portions of the work description.
  - (3) Review and, where required by the contract, approval of technical reports, drawings, specifications and technical information to be delivered by the Contractor to the Government.
- (b) Technical direction must be within the scope of work stated in the contract. The OCOR does not have the authority to, and shall not, issue any technical direction which:
  - (1) Constitutes an assignment of additional work outside the Statement of Work;
  - (2) Constitutes a change as defined in the contract clause entitled "Changes";
  - (3) In any manner causes an increase or decrease in the total contract effort or value, or the time required for contract performance;
  - (4) Changes any of the expressed terms, conditions or specifications of the contract; or
  - (5) Interferes with the Contractor's right to perform the terms and conditions of the contract.
- (c) All technical directions should be issued in writing by the OCOR for the applicable Order, time permitting. When a short turnaround is required (example-direction regarding how to handle non-conforming waste), the OCOR may issue technical direction verbally. Any verbal direction shall be followed by fax direction within 24 hours.

- (d) The Contractor shall proceed promptly with the performance of technical directions duly issued by the OCOR in the manner prescribed by this clause and within his/her authority under the provisions of this clause. If, in the opinion of the Contractor, any instruction or direction by the OCOR falls within one of the categories defined in paragraph (b)(1) through (b)(5) above, the Contractor shall not proceed but shall notify the Ordering Contracting Officer in writing within five (5) working days after receipt of any such instruction or direction and shall request the OCO to modify the Order accordingly. Upon receiving the notification from the Contractor, the OCO shall:
- (1) Advise the Contractor in writing within thirty (30) days after receipt of the Contractor's letter that the technical direction is within the scope of the contract effort and does not constitute a change under the "Changes" clause of the contract;
  - (2) Advise the Contractor in writing within thirty (30) days after receipt of the Contractor's letter not to perform under the direction and cancel the direction; or
  - (3) Advise the Contractor in writing within a reasonable time that the Government will issue a written modification to the Order.
- (e) A failure of the Contractor and OCO to agree that the technical direction is within the scope of the contract, or a failure to agree upon the contract action to be taken with respect thereto shall be subject to the provisions of the clause entitled "Disputes--Alternate I."

[End of Clause]

#### **H.4 BASIC ORDERING AGREEMENT REVIEW/REVISION**

This agreement shall be reviewed annually, before the anniversary of its effective date, and revised as necessary to conform to current changes in statutes, Executive Orders, or other appropriate matters.

[End of Clause]

#### **H.5 MODIFICATION AUTHORITY**

Notwithstanding any of the other clauses of this BOA, the BOA Administrator shall be the only individual authorized to modify any term or condition of this Basic Ordering Agreement.

[End of Clause]

#### **H.6 QUALITY ASSURANCE SYSTEM**

In the conduct of the work performed on orders placed under this Basic Ordering Agreement, the Contractor agrees to establish and/or maintain an acceptable quality assurance system. If requested by the Contracting Officer, a quality assurance plan shall be submitted to DOE for approval. If the contractor has responsibility to perform activities in connection with a nuclear facility, as defined by Title 10, Section 830.3, Code of Federal Regulations, the applicability of the requirements in Section 830.120 shall be determined by the Agency and/or prime contractors issuing the order. Any subcontracts in support of this work shall require subcontractors to comply with the Contractor's quality assurance system.

[End of Clause]

#### **H.7 USE OF GOVERNMENT-OWNED EQUIPMENT/FACILITIES**

The Contractor is authorized to use on a no-charge, non-interference basis in the performance of orders issued under this Basic Ordering Agreement, the Government-owned equipment/facilities indicated in such orders. Such use is authorized on the basis that it will not interfere with the performance of the Government contract(s) for which such property was provided, and, unless otherwise stipulated, shall be in accordance with the terms and conditions thereof.

[End of Clause]

## **H.8 REPRESENTATIONS, CERTIFICATIONS AND OTHER STATEMENTS OF THE OFFEROR**

The Representations, Certifications, and Other Statements of the Offeror submitted as part of the original offer for this Basic Ordering Agreement are, by reference, hereby incorporated in and made a part of this agreement.

[End of Clause]

## **H.9 SMALL, SMALL DISADVANTAGED AND WOMAN-OWNED SMALL BUSINESS SUBCONTRACTING PLAN**

The Small, Small Disadvantaged, and Woman-Owned Small Business Subcontracting Plan submitted by the Contractor for any order placed under this BOA, and approved by the Contracting Officer is, by reference, hereby incorporated into and made a material part of that order. Any required revisions to the Plan shall be accomplished by amendment of the order.

[End of Clause]

## **H.10 TASK ORDERS, ADMINISTRATIVE INFORMATION (DEC 1999)**

- (a) Ordering officials as anticipated in 52.216-18, Ordering, are all Contracting Officers, designated for the purposes of this contract as Ordering Contracting Officers as defined in clause G.5, Definitions.
- (b) The Ordering Contracting Officer is responsible for all order activities including requesting issuing request for proposals (RFPs), evaluating for award, awarding, funding, all administrative activities and evaluating performance for all task orders issued. Orders placed under this BOA are specifically limited to work covered by the statement of work for the contract. Order numbers shall reference the number of this BOA as the basis for issuance of the order, which shall be numbered uniquely by the ordering office.
- (c) The Ordering Contracting Officer will provide a copy of issued orders and order modifications to the Contracting Officer. Copies of performance evaluations on completed orders, or orders in process, will also be provided to the Contracting Officer.

[End of Clause]

## **H.11 PRECEDENCE OVER EXISTING TASK ORDERS**

This Basic Ordering Agreement shall take precedence over any existing order for related work so as to avoid potential conflict in terms and conditions.

[End of Clause]

## **H.12 QUALIFICATION CRITERIA**

In order to be considered for award of this BOA the offeror must meet the following three criteria:

- (a) The offeror must have a radiological materials license issued by the NRC or NRC Agreement State to possess and decontaminate radiological contaminated materials, monitor and release such materials from regulatory control. This criteria must be met before further consideration for award.
- (b) The offeror must have any other licenses or permits required by the state or locality hosting the contractor's operations. This requirement as it applies, by state or locality, must be met before further consideration for award.
- (c) The offeror must have a quality assurance program that meets the requirements of the Nuclear Quality Assurance Manual (NQA-1), the Quality Assurance Program Requirements for Nuclear Facilities. This requirement must be met before further consideration for award.

### **H.13 SECURITY REQUIREMENTS**

All orders placed under the Basic Ordering Agreement shall abide by applicable security directives, clauses and regulations as established by the Organization issuing the order.

## PART II OF APPENDIX B - CONTRACT CLAUSES

### SECTION I

#### I.1 52.252-2 CLAUSES INCORPORATED BY REFERENCE (FEB 1998)
